Box Supper.

The ladies of Fairview church will give a box supper on Saturday night June 13, for the benefit of the church, which is in debt. Let everybody take a box and a pocket book.

Inconsistency.

We will give the Central Record, for one year, to anyone who will name a more inconsistent and foolish act than the practice of whipping a horse when he is frightened, or to make him stand still, or whipping a child to cause it to stop crying.

Conversations in Crowds.

The most unsatisfactory event in life is the conversation when we meet an old friend in a large crowd. We are confined to something like the following: "Hello John," "How are you Jim," "How are the folks?" "All well. How are your folks?" "Glad I met you, will see you again," "Nice day," "Goodbye?"

I sell all kinds of magazines and will be glad to get your order.
Mrs Dollie Brown.

Crops.

The farmers have had a splendid season for planting, and we will have abundant crops, though the season is late. People become unnecessarily alarmed. Let us realize the fact that God provides a time in his own good way.

U D C.

The decoration exercises at the Court House Wednesday afternoon were largely attended and all of those that took were highly complimented. The address by Hon Reed Embury, of Danville, was one of the finest ever delivered in the Court House. The President, Mrs J A Royston had the court house beautifully decorated. The Confederate veterans, in full uniform, attended the exercises and marched with the crowd to the cemetery where the graves of the departed were decorated.

The Harvest.

At sixty the harvest is on in full blast. Great stacks of regrets tell of the misery which inevitably follows the sowing of bad seeds. Life is the harvest field, and we select the seed which we sow. Our responsibility lies in the sowing, for the reaping is sure to follow. Where we have sown frowns, harsh words, intemperance just and selfishness, a large crop of thorns and thistles must be harvested, and the gatherer of the harvest will be pricked in the heart while contemplating the tears, the sighs, the pain and the anguish produced by sowing such seed. A verdant spot in the harvest field springs from smiles and kind words spoken and charitable deeds, done at sowing time. The analogy is perfect and the rising generation should sow good seeds to avoid the thorns the struggles and the remorse which inevitably follow the sowing of bad seed. Sow smiles and reap roses; sow good deeds and reap the proud satisfaction of having helped suffering humanity.

Farming.

Successful farming is a science which requires a higher degree of intelligence than any of the so called learned professions. The farmer comes in contact with many serious propositions such as the best methods to save the soil, the manner of cultivation, the kind of crops to be raised to yield the most profit, and at the same time, not impoverish the soil. Wise men have truly said that the father should put the brightest son on the farm. It is the most profitable vocation in which a man can engage, as all our wealth comes out of the ground. Real estate is the basis of all values. If you put your money in a savings bank, you get interest. They make that for you by lending money in bulk at a higher rate of interest to somebody who borrows it on security of which the final value is Real Estate. You invest your money in a mortgage—the man who borrows it must be in some way getting more out of his property than you are out of him, else he could not pay you interest and continue to exist. Why don't you go direct to the fountain head and invest your surplus in real estate?

Sunday School Convention.

The Garrard county Sunday school Association held its annual convention at the Christian church Saturday May 30. It was an ideal day, and a large attendance was expected, but notwithstanding there were comparatively few present. While ours is one of the banner associations yet it was not so last Saturday from the point of view of attendance and representatives from the different Sunday schools. Those who did attend were helped for besides the Field Secretary Mr Vaughn who was very modest and at same time suggestive in his remarks, there were Rev Mr Williams, of the Methodist church, Rev Mr Tinder, of the Christian church, Rev Mr Yandle, of Stanford, Rev Mr Brown, of the Presbyterian church and Mr W I Williams Superintendent of Sunday school, of the Lancaster Christian church. The subjects discussed by the above speakers were pointed, interesting and helpful. We would be glad to give to the public some of the good things that were said in the convention, but we lack time and space. However it was the loss of those not present especially if they are interested in Sunday school work. Mr James Denny resigned President for the ensuing year. Mrs Mattie Duncan was reelected Secretary. The Association showed its appreciation of the work of Mrs Duncan its efficient Secretary for the last five years by unanimously electing her its representative to the International Sunday school Convention which is held in Louisville in June.

Born in Iowa.

Our family were all born and raised in Iowa, and have used Chamberlain's Colic, Cholera, and Diarrhoea Remedy (made at Des Moines) for years. We know how good it is from long experience in the use of it. In fact, when in El Paso, Texas, the writer's life was saved by the prompt use of this remedy. We are now engaged in the mercantile business at Narcoossee, Fla., and have introduced the remedy here. It has proven very successful and is constantly growing in favor.—Ennis Bros. This remedy is for sale by F P Frisbie.

She had been ill only a few months, and had borne her sufferings patiently until God in his proper time called her home. She leaves a husband, two children and a wide circle of friends to mourn her loss. But what is your loss is her gain. Grieve not for her who has gone to a better and brighter world where there is no sorrow or weeping, but where peace and happiness reigns for ever. She was laid to rest in the Lancaster cemetery. The many friends extend their hearts felt sympathy to the bereaved ones.

CENTRAL RECORD

ISSUED WEEKLY. \$100 A YEAR.

LOUIS LANDRAM, Edr.-Pubr.

Entered at the Post Office in Lancaster, Ky., as Second-Class Mail Matter.

Member Ky. Press Association.

Lancaster, Ky., June 5, 1908.

The Senate passed the Aldrich-Vreeland currency bill by a vote of 43 to 22, this action being taken after a day devoted to a filibuster against the measure. Senators Stone, of Missouri, and Gore, of Oklahoma, occupied the time of the Senate after 7:03 o'clock yesterday morning, when Mr La Follette retired. Mr La Follette broke the record for long speeches, holding the floor continuously for eighteen hours and forty three minutes.

Mr Gore charged that the bill continues the ancient practice of farming out to private corporations the sovereign prerogative of coining the currency of the realm, a practice which is as vicious as is the practice of farming out the power to collect taxes.

"The pending measure is the beginning of a new system and it is the beginning of a bad system," he declared. "It appears here under the specious name of an emergency currency and it is being passed by emergency tactics. State county and municipal bonds in this measure are made the basis of an honest currency. I predict that within from ten to twenty years these securities will be made the basis not of an honest currency, but of our ordinary currency."

While it may be helpful, in times of financial trouble, it may react in a way that would prove hurtful to the masses. It was passed hurriedly, as a compromise measure and saviors of politics, in seeking to cure effects of the panic and reconcile the million of laborers to the party in power.

Hon Harvey Helm, being a member of the Insular Committee, will go to Panama and Manila for the purpose of informing himself on the question of our new possessions. This is commendable in Harve and he is tall enough to take in the entire situation at a glance.

The manner in which Bryan smoked Taft out on the Publicity Bill is funny. Taft will need contributions, though, from the trusts and rich corporations and the republicans defeated the bill. The masses will and should defeat all such corrupt methods.

La Follette's long speech, of 18 hours, broke the record, but if we could send some of our lady friends to congress we could have speeches 18 days long and kill any bill that might be introduced.

The ward politician, in the city, or the election, boss in the country, is the man with the grinding organ. He turns the crank and the monkeys dance.

The Sixtieth Congress will be known as the most extravagant one in the history of the nation, having made appropriations amounting to a billion of dollars.

Thinks It Saved his Life.

Lester M Nelson, of Naples, Maine, says in a recent letter: "I have used Dr King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." For nearly forty years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee at R E McRoberts drug store. 50c and \$1.00. Trial bottle free. 1m

Antiquity of the Mortgage.

The mortgage comes direct down to us from the Romans, but its antiquity is much more remote than the Roman nation. The Greeks, Carthaginians, Persians, Egyptians, Babylonians, all knew of the mortgage, and daily used it in their business transactions.

The Best Pill Ever Sold.

"After doctoring 15 years for chronic indigestion, and spending over two hundred dollars, nothing has done me as much good as Dr King's New Life Pills. I consider them the best pills ever sold," writes B F Ayscue, of Ingleside, N. C. Sold under guarantee at R E McRoberts drug store. 25cts.

Bacteria Carried by Flies.

In some cases individual flies carry as high as 100,000 bacteria on their legs and in their mouths. The correspondence between the increase of flies and the increase of death tells its own story.

No Need of Suffering from Rheumatism.

It is a mistake to allow rheumatism to become chronic, as the pain can always be relieved, and in most cases a cure effected by applying Chamberlain's Pain Balm. The relief from pain which it affords is alone worth many times its cost. It makes sleep and rest possible. Even in cases of long standing this liniment should be used on account of the relief which it affords. 25 and 50 cents sizes for sale F P Frisbie.

FLEAS FEED ON THEIR OWNER

Trainer Explains How He Provides Sustenance for Pets.

The little booth was decorated with gay cards, and, since it was a holiday, the show of educated fleas drew well. "How do you feed your fleas?" a man asked the trainer at the end of the flea funeral that concluded the performance. "I feed them on my arm," the trainer answered. He turned back his sleeve and smiled at the multitude of tiny dark prickles in the skin. "You might think I was a morphine fiend, eh? They look like needle marks, don't they?"

"I feed them once a day," he went on, "in the evening, before bedtime. Their supper occupies 25 minutes. During it I read the paper. At first feeding hurt me, my arm was red and swollen, and it itched like the deuce. Now I don't mind it at all."

He turned down his sleeve and buttoned his cuff. "Feeding my fleas," he ended, "I am as heroic a figure as the pelican mother that tears her breast open that her young may nourish themselves upon her blood."

SOCIAL LAW THAT IS ADAMANT.

Impossible to Be Absent-Minded and Make a Success.

There are some rules for social success that it is wholly impossible to ignore nowadays.

It is the fashion to say everyone is bad-mannered, and, alas, it is quite possible to be atrociously rude in some ways, and yet be popular, but there are one or two things one cannot do with any hope of achieving social distinction or even being merely tolerated. These things are hidden, however, from those who fondly imagine they can imitate all the faults of society with impunity.

It is the infringement or ignorance of these esoteric by-laws which betrays the "outsider." One such decree, for example, is that in no circumstances whatever is absent-mindedness permissible. One may leave notes unanswered, but one must not be absent-minded. This is a distinction with a difference.

At a Chinese Funeral.

The London Saturday Journal, in describing the weird rites at a Chinese funeral, remarks that in the usual topsy turvy way of the Orient the Chinaman enjoys himself even at obsequies. The Journal adds: "The coffin is placed beside the grave and food placed upon it. A wicker monster, alive or dead, is usually there, to lure the spirit of the man who has died abroad back to the home of his fathers. Whisky and tea and a bowl of rice with chopsticks are there, so that the corpse may not starve in the next world. Gin and tea are then sprinkled over the coffin, and the bottles thrown away. The mourners stand around hunched, enjoying the fun. The coffin is lowered, candles are lit, a suit of paper clothes is burned, and some paper money. Thus the corpse is assured of clothes in the next world, and pocket money to put in them."

First Aid to Farmers.

A farmer in Ohio wrote to the department of agriculture that he had struggled for 20 years on an 80-acre farm heavily mortgaged but had been unable to reduce his debt or rise above poverty that made the bringing up of his family a humiliation. He asked if there was any hope for him upon the farm or if he might as well give up the fight. The department requested that he make a detailed report of his farm and its soils and upon this it based a plan of farming which he was recommended to follow to the letter. According to a writer in the World To-Day, there was a profit the first year of \$2,000, and the department believes that ultimately the despised 80 acres can be made to yield \$5,000 a year.

Artificial Gems.

Last year a German association caused surprise to some scientists and disbelief in others by the announcement that a process had been discovered by which most of the precious stones could be produced by artificial means.

Recently several official experts have made an examination of about 40 of these artificial gems. In their report to the Museum of Natural History they say:

"Of all the stones we examined, we can only call the artificial rubies a direct success, but the imitation of this species is no new invention. We therefore declare that there is nothing new or sensational in the new invention."

Real Honesty.

A story is related of a young man who was recently married to the daughter of a wealthy merchant. The groom did not have a penny, but he was honest. He was so honest that he would not even prevaricate in the marriage ceremony. He was repeating what the minister said.

"With all my worldly goods I thee endow," read the minister. "With all thy worldly goods I me endow," replied the groom. This was real honesty.—Sketch.

Early Training.

"How do you account for Casey's wonderful success as a politician?" "The fact that he used to work in the ditch." "How does that account for it?" "It made him proficient in the art of throwing mud.—Illustrated Sunday Magazine.

THE CHURCH AT WORK

BIBLE FOR THE JEWS.

How the Yiddish Translation Came to Be Made.

The Jews are the chosen people of God; through them a knowledge of Him and His works has passed to other nations, and yet up till now their own Bible has been to them a sealed book. It is rather strange that the last translation of the Holy Scriptures should be into the Yiddish tongue for the very people from whom the Saviour of mankind came.

It is generally assumed that the Scriptures, being in Hebrew language, must of necessity be open to the Jew, but this popular conception, like many others, does not rest on fact. Hebrew is not known to the Jew.

But now the Jews have the Bible in the Yiddish language, thanks to the untiring zeal and enthusiasm of Mr. Marcus S. Bergmann, himself a Jewish convert. Yiddish is the only language that is really understood by the mass of Eastern European Jews, and thus in giving them the Bible in this tongue Mr. Bergmann is opening to them for the first time their own Holy Scriptures.

For twenty-one years he prayed to God that someone might be raised up who would translate the Bible into Yiddish, but never once did the thought occur to him that he himself would be the man selected for the great task. Yet so it was. He was alone in his room one morning laying this matter before the Lord, perhaps more earnestly than ever before, and when on his knees he seemed to hear a voice saying: "Write My Word for My people who understand it not." This was twice repeated. He looked round, still on his knees, to see whence the voice came, and wondering what it meant. After a little while, he rose from his knees, and opening the Bible, without knowing at which part, asked God to give him a message from that particular page. Looking at the place at which his finger was, he began to read: "And the Lord answered me and said, Write the vision, and make it plain upon tables, that he may read that rendeth it." That was the command to Mr. Bergmann. With his translation, he accepted the commission, and that very morning the work of translation was commenced.

TIBETAN LAMA'S PRAYER.

Heart-Felt Petition Which Would Grace the Lips of the Oldest Christian.

The Eastern Himalayan "Mission News" gives a translation of a prayer written by a Tibetan lama who has been under Christian instruction for three months. He wrote the prayer spontaneously, and asked if this form of prayer would be suitable to offer to God: "O thou lion-like refuge of men, present and future shepherd-like Saviour Jesus, at thy feet I pray. From my sinful and hell-going way, give the blessing of forgiveness now. I believe in thee with all my heart. May I see thy face in the heavenly palace. For eternal life I pray. Change the heart and grant forgiveness to believer. There is no salvation from hell. Forgiveness sin means that the Saviour shall be seen face to face, his voice heard, and eternal life obtained. Glory be to the name of Jesus. Amen."

Need of Public Libraries in China.

In the whole empire of China there is not what could properly be called a public library. They have adopted our school system, our text books, and our methods of teaching, and yet they have passed by one of our greatest factors in education—the public library. An effort is now being made by the Episcopal mission in China to enlist the sympathies of philanthropic people here in the United States who are interested in the uplifting and enlightenment of the Chinese to establish a public library in one of the great literary centers of the empire. This city is Wuchang, situated 600 miles up the Yangtze river, opposite Hankow, the largest tea port in the world.

Coming Again Next Fall.

Gipsy Smith, the English evangelist, is to visit the states again next fall. He was booked this year to visit Australia, but this visit has been postponed in order to allow him to return to America. Arrangements are now being made by the Rev. Thomas Law, the National Free Church Council, Memorial Hall, London, E. C., for Gipsy Smith to take missions in the leading cities of the United States. The tour is to commence in September, 1908.

TOLEY'S HONEY and TAR CURES

There is no danger of Pneumonia, Consumption or other serious lung trouble if **Foley's Honey and Tar** is taken, as it will cure the most stubborn coughs—the dangerous kind that settles on the lungs and may develop into pneumonia over night.

If you have a cough or cold do not risk Pneumonia when **Foley's Honey and Tar** will cure you quickly and strengthen your lungs.

Remember the name—**Foley's Honey and Tar**—and refuse any substitute offered. Do not take chance with some unknown preparation that costs you the same when you can get **Foley's Honey and Tar**, that costs you no more and is safe and certain results. Contains no opiates.

Cured After Physicians Said He Had Consumed.

E. H. Jones, Pastor M. E. Church, Grove, Md., writes: "About seven or eight years ago I had a very severe cold which physicians said was very near pneumonia, and which they afterwards pronounced consumption. Through a friend I was induced to try a sample of **Foley's Honey and Tar**, which gave me so much relief that I bought some of the regular size. Two or three bottles cured me of what the physicians called consumption, and I have never had any trouble with my throat or lungs since that time."

Three sizes—25c, 50c, \$1.00. The 50 cent size contains two and one-half times as much as the small size and the \$1.00 bottle almost six times as much.

SOLD AND RECOMMENDED BY C. C. & J. E. STORIES.

VALUE OF RIGHT BREATHING.

Health Comes From Knowing How and What to Breathe.

Dust laden with the germs of consumption or other disease is inhaled by all who breathe the streets, but disease is not developed unless the germs find conditions suitable for their lodgment and growth. With people having catarrh there is an ideal culture medium for these germs, as the irritated membrane and weakened tissues is a hot-bed where germs must thrive and multiply until they are numerous and active.

If you have catarrh, you should use the easiest, simplest and quickest cure, the direct method of Hyomeo, whose wonderful medicated air is taken in with the air you breathe, directly following and destroying all germs that have been inhaled, repairing any damage they may have worked and so healing and vitalizing the tissues as to render catarrh and germ infection no longer possible.

The unusual way in which Hyomeo is sold should dispel all doubt as to its extensive properties, for our leading druggists offer to refund the price to anyone who it fails to benefit. You do not risk a cent in testing the healing virtues of this breath of life, for with every \$1.00 outfit there is a guarantee to relieve catarrh or money refunded. Sold and guaranteed by **R. E. THE CHURCH AT WORK

BIBLE FOR THE JEWS.

How the Yiddish Translation Came to Be Made.

The Jews are the chosen people of God; through them a knowledge of Him and His works has passed to other nations, and yet up till now their own Bible has been to them a sealed book. It is rather strange that the last translation of the Holy Scriptures should be into the Yiddish tongue for the very people from whom the Saviour of mankind came.

It is generally assumed that the Scriptures, being in Hebrew language, must of necessity be open to the Jew, but this popular conception, like many others, does not rest on fact. Hebrew is not known to the Jew.

But now the Jews have the Bible in the Yiddish language, thanks to the untiring zeal and enthusiasm of Mr. Marcus S. Bergmann, himself a Jewish convert. Yiddish is the only language that is really understood by the mass of Eastern European Jews, and thus in giving them the Bible in this tongue Mr. Bergmann is opening to them for the first time their own Holy Scriptures.

For twenty-one years he prayed to God that someone might be raised up who would translate the Bible into Yiddish, but never once did the thought occur to him that he himself would be the man selected for the great task. Yet so it was. He was alone in his room one morning laying this matter before the Lord, perhaps more earnestly than ever before, and when on his knees he seemed to hear a voice saying: "Write My Word for My people who understand it not." This was twice repeated. He looked round, still on his knees, to see whence the voice came, and wondering what it meant. After a little while, he rose from his knees, and opening the Bible, without knowing at which part, asked God to give him a message from that particular page. Looking at the place at which his finger was, he began to read: "And the Lord answered me and said, Write the vision, and make it plain upon tables, that he may read that rendeth it." That was the command to Mr. Bergmann. With his translation, he accepted the commission, and that very morning the work of translation was commenced.

TIBETAN LAMA'S PRAYER.

Heart-Felt Petition Which Would Grace the Lips of the Oldest Christian.

The Eastern Himalayan "Mission News" gives a translation of a prayer written by a Tibetan lama who has been under Christian instruction for three months. He wrote the prayer spontaneously, and asked if this form of prayer would be suitable to offer to God: "O thou lion-like refuge of men, present and future shepherd-like Saviour Jesus, at thy feet I pray. From my sinful and hell-going way, give the blessing of forgiveness now. I believe in thee with all my heart. May I see thy face in the heavenly palace. For eternal life I pray. Change the heart and grant forgiveness to believer. There is no salvation from hell. Forgiveness sin means that the Saviour shall be seen face to face, his voice heard, and eternal life obtained. Glory be to the name of Jesus. Amen."

Need of Public Libraries in China.

In the whole empire of China there is not what could properly be called a public library. They have adopted our school system, our text books, and our methods of teaching, and yet they have passed by one of our greatest factors in education—the public library. An effort is now being made by the Episcopal mission in China to enlist the sympathies of philanthropic people here in the United States who are interested in the uplifting and enlightenment of the Chinese to establish a public library in one of the great literary centers of the empire. This city is Wuchang, situated 600 miles up the Yangtze river, opposite Hankow, the largest tea port in the world.

Coming Again Next Fall.

Gipsy Smith, the English evangelist, is to visit the states again next fall. He was booked this year to visit Australia, but this visit has been postponed in order to allow him to return to America. Arrangements are now being made by the Rev. Thomas Law, the National Free Church Council, Memorial Hall, London, E. C., for Gipsy Smith to take missions in the leading cities of the United States. The tour is to commence in September, 1908.

To Divorce State and Church.

The canton of Geneva, Switzerland following in the footsteps of France, will divorce state and church on January 1, 1909, when a law recently passed to that effect will become operative.

Perennial Youth.

To be 70 years young is sometimes far more cheerful and hopeful than to be 40 years old.—O. W. Holmes.
